# INTRODUCTION

EBDA AL JUBAIL GENERAL CONTRACTING COMPANY, branded as EBDA, is a diversified industrial service provider established in 2011 and restructured in 2022 as a Limited Liability Company. Headquartered in Jubail, the company operates across the Kingdom of Saudi Arabia, delivering comprehensive engineering, procurement, construction, and maintenance services. EBDA is managed by an experienced leadership team led by Managing Director Mr. Abdul Rahman Noushad and is backed by a robust team of professionals, engineers, technicians, and project managers

## Our Identity

With a vision anchored in innovation, quality, and sustainability, EBDA specializes in a broad range of services tailored to industrial, energy, infrastructure, and urban development sectors. We are proud to hold exclusive partnerships and representation rights with renowned international firms in engineering, trading, and technology domains.

# VISION

To be a leading force in delivering innovative and sustainable construction, engineering, and industrial services that support the Kingdom's development vision and global standards.

"Build a beautiful world, grow with green industry."

# MISSION

To deliver premium-quality services in construction, engineering, manpower, and maintenance through safety, innovation, and client-centric excellence. We aim to exceed client expectations by aligning execution strategies with operational efficiencies and regulatory compliance.

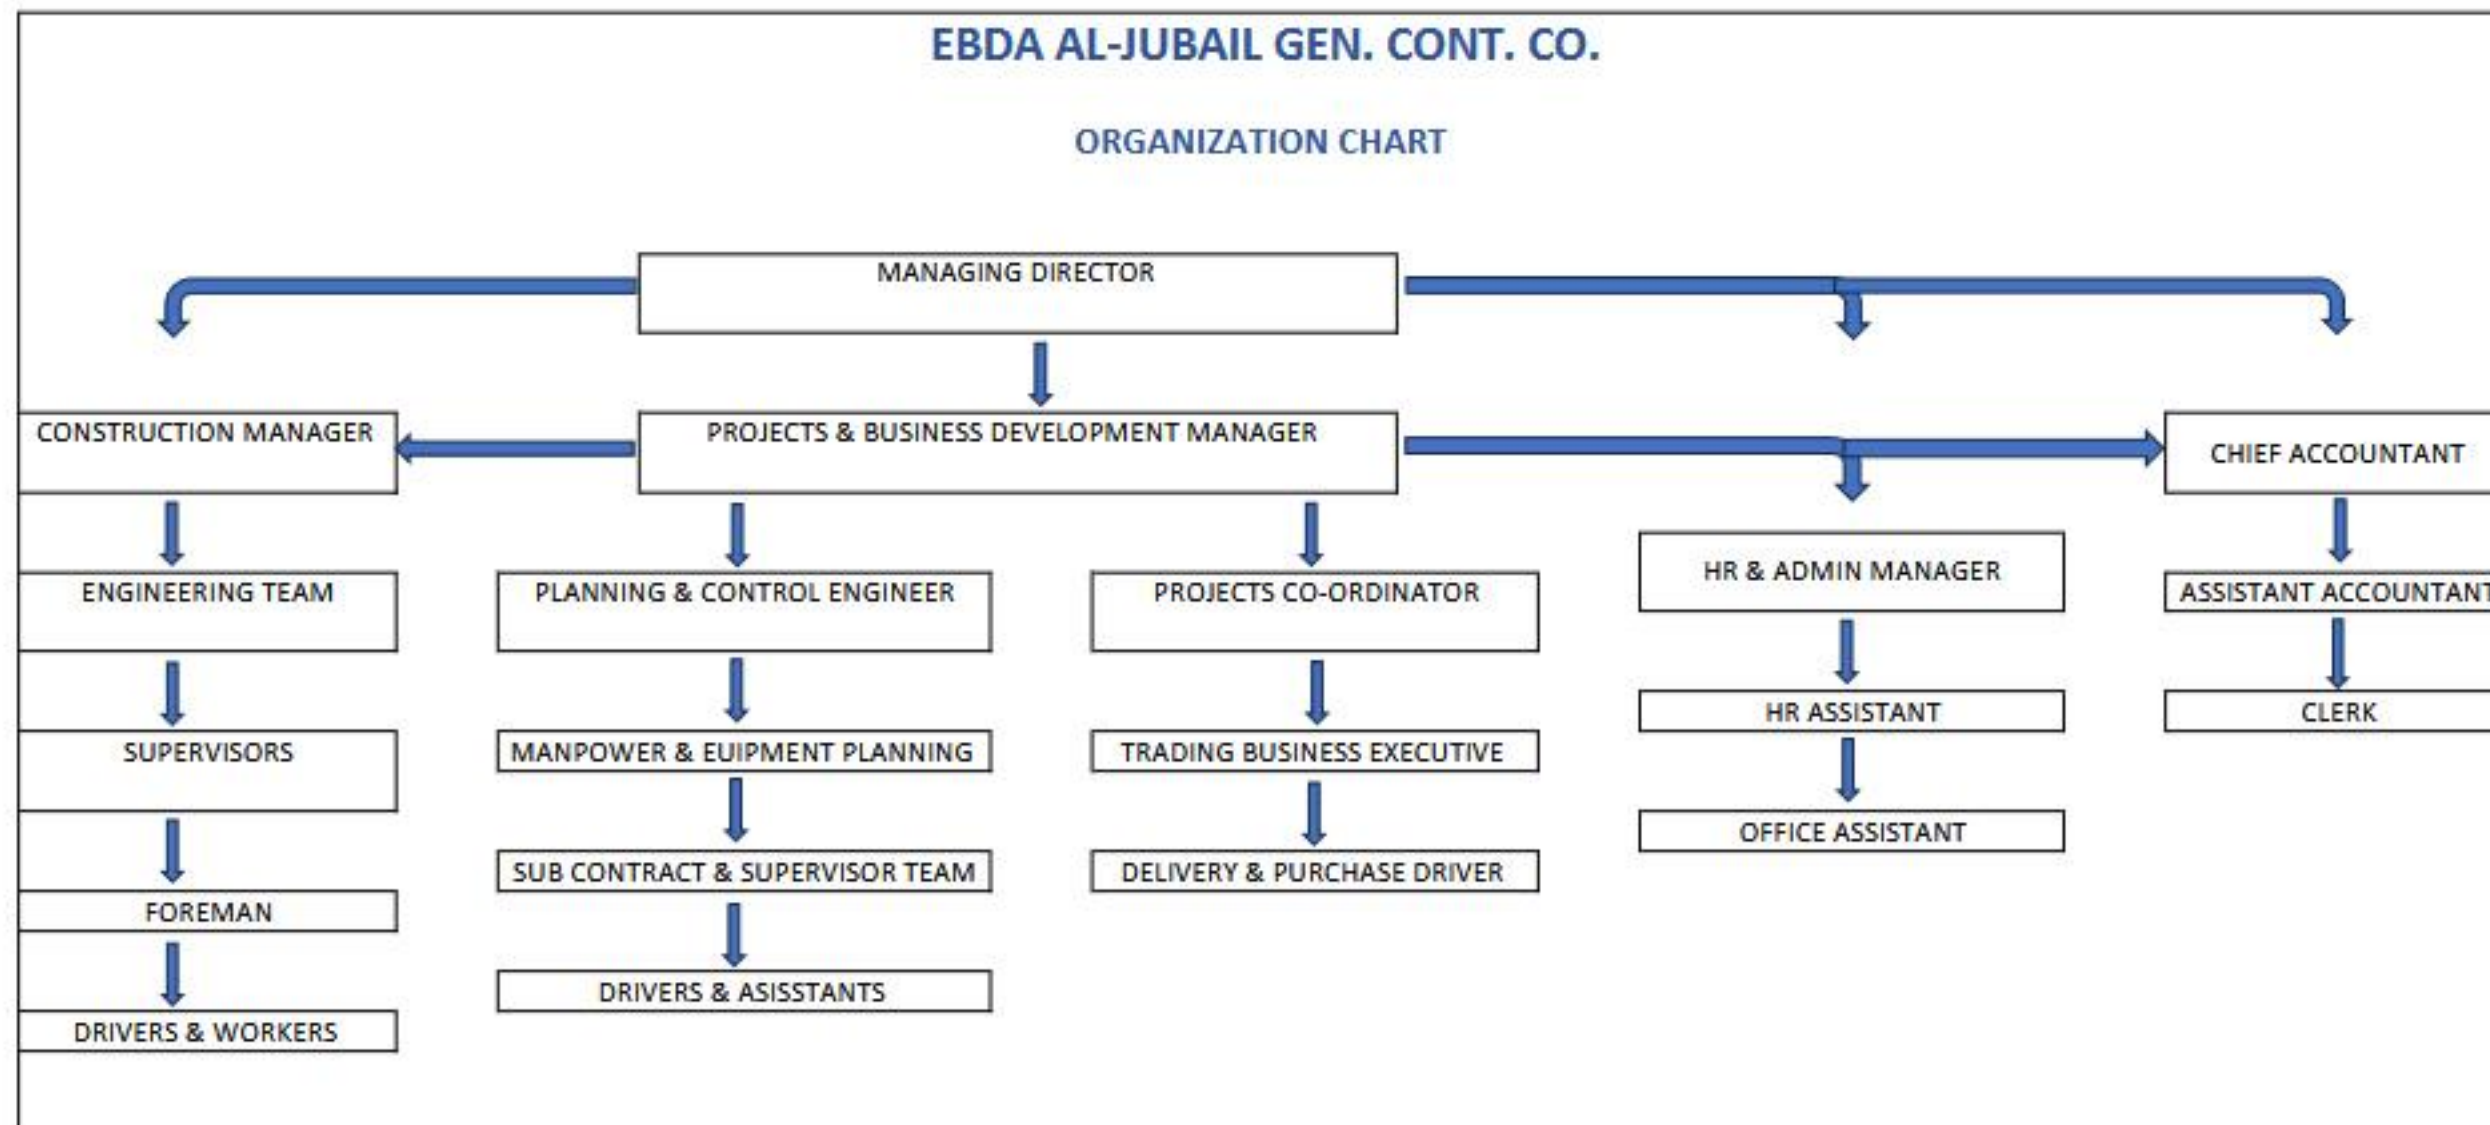

# OUR VALUES

- Customer Satisfaction: Ensuring timely and quality delivery that meets or exceeds expectations.
- Integrity: Upholding ethical standards in every transaction.
- Excellence: Driving performance through continual improvement and innovation.
- Safety & Sustainability: Prioritizing safe practices and eco-conscious operations.
- Teamwork: Fostering a culture of collaboration and mutual respect.

# ORGANIZATION CHART

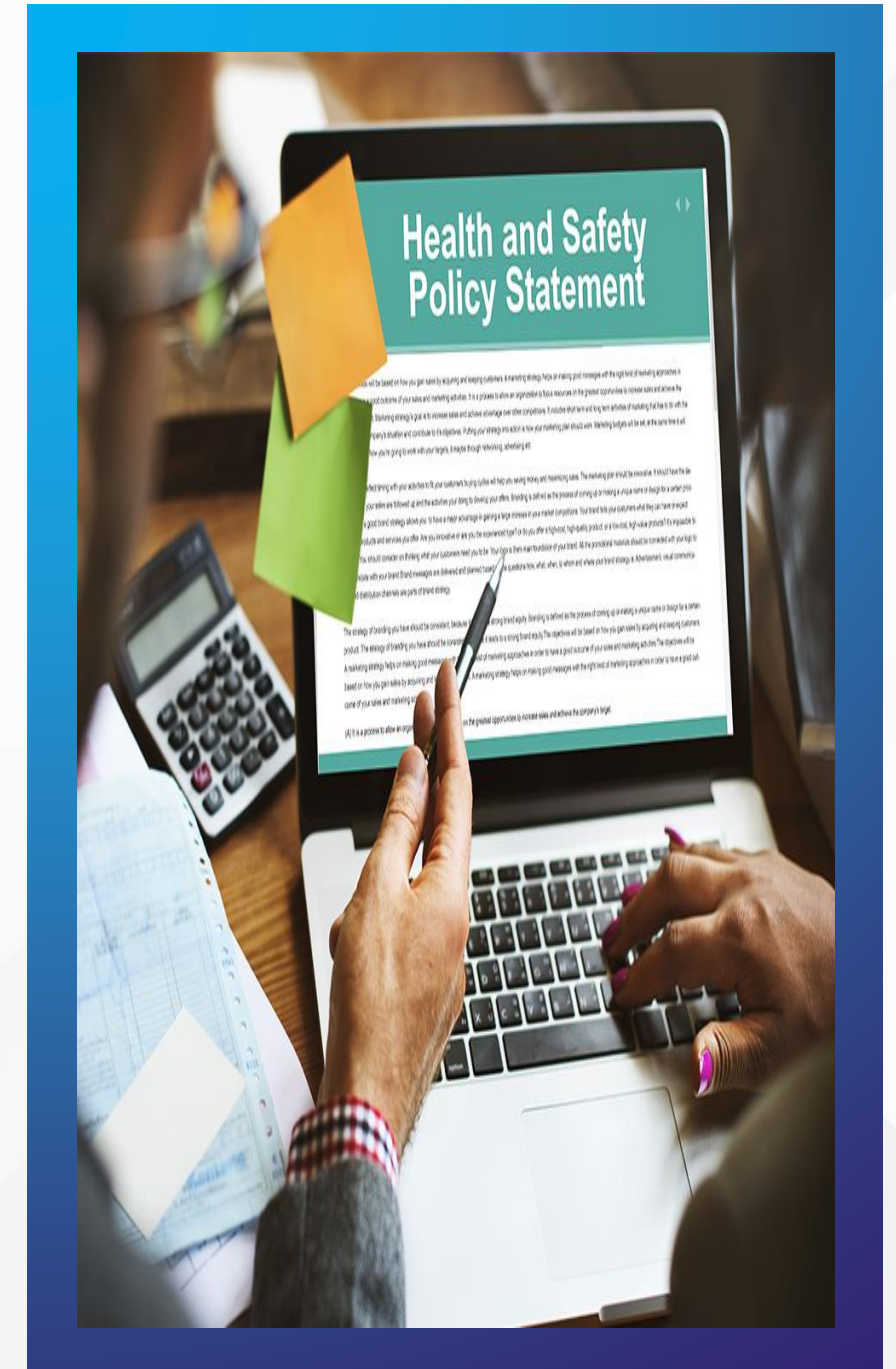

# POLICY

## HSE POLICY

We implement a zero-accident policy, promoting:

- Safe work practices
- Environmental responsibility
- Ongoing HSE training and audits

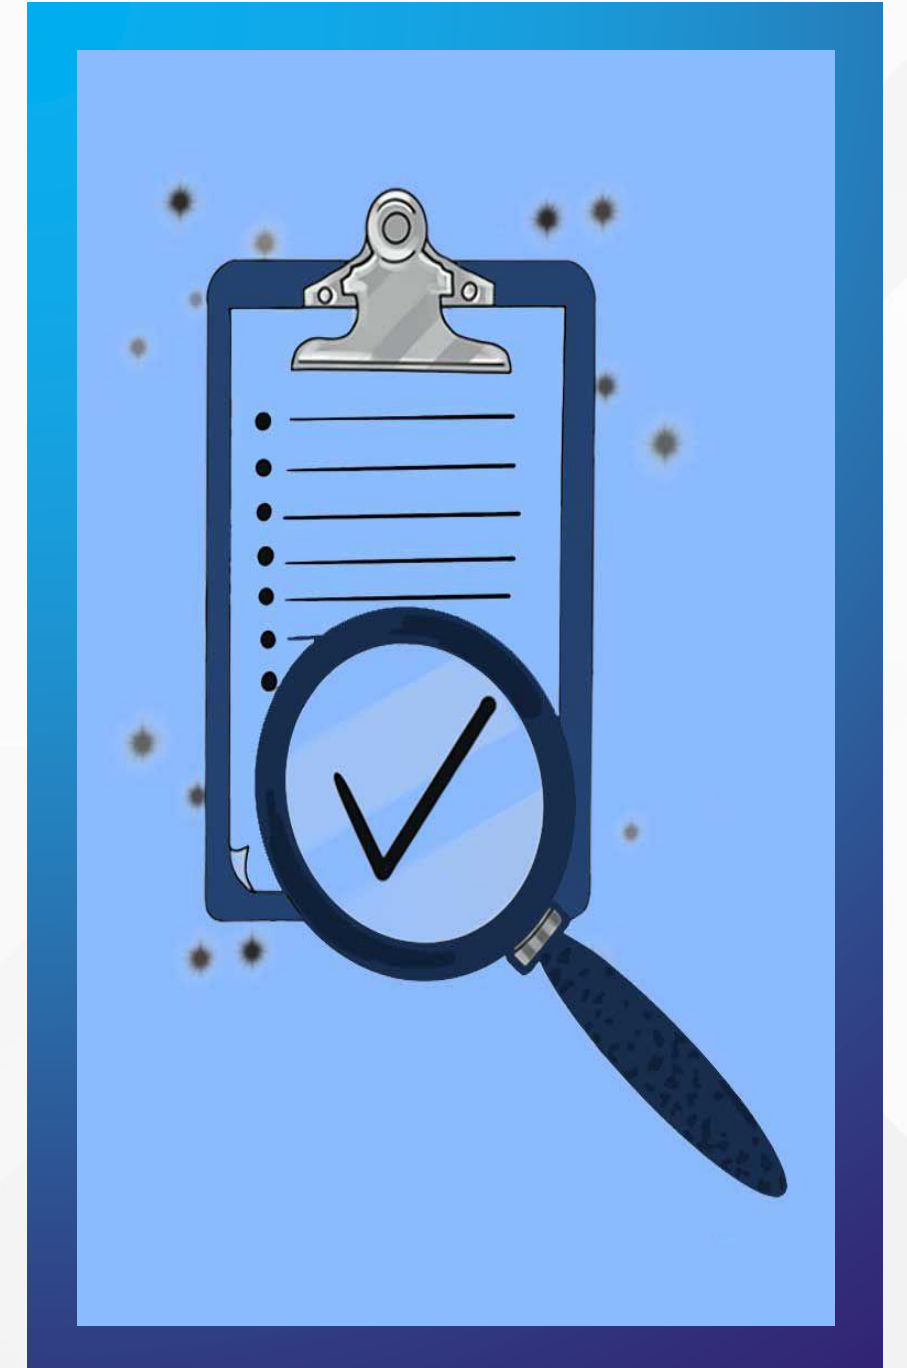

# POLICY

## QUALITY POLICY

We commit to achieving excellence through ISO 9001:2008 standards by:

- Meeting client expectations
- Ensuring continuous improvement
- Emphasizing quality at every project phase

- ✓ **MECHANICAL & STRUCTURAL ENGINEERING**
